PRESSERO™

B2B & B2C WEB-TO-PRINT

The most advanced, cloud-based **W2P** technology for sending orders and jobs online
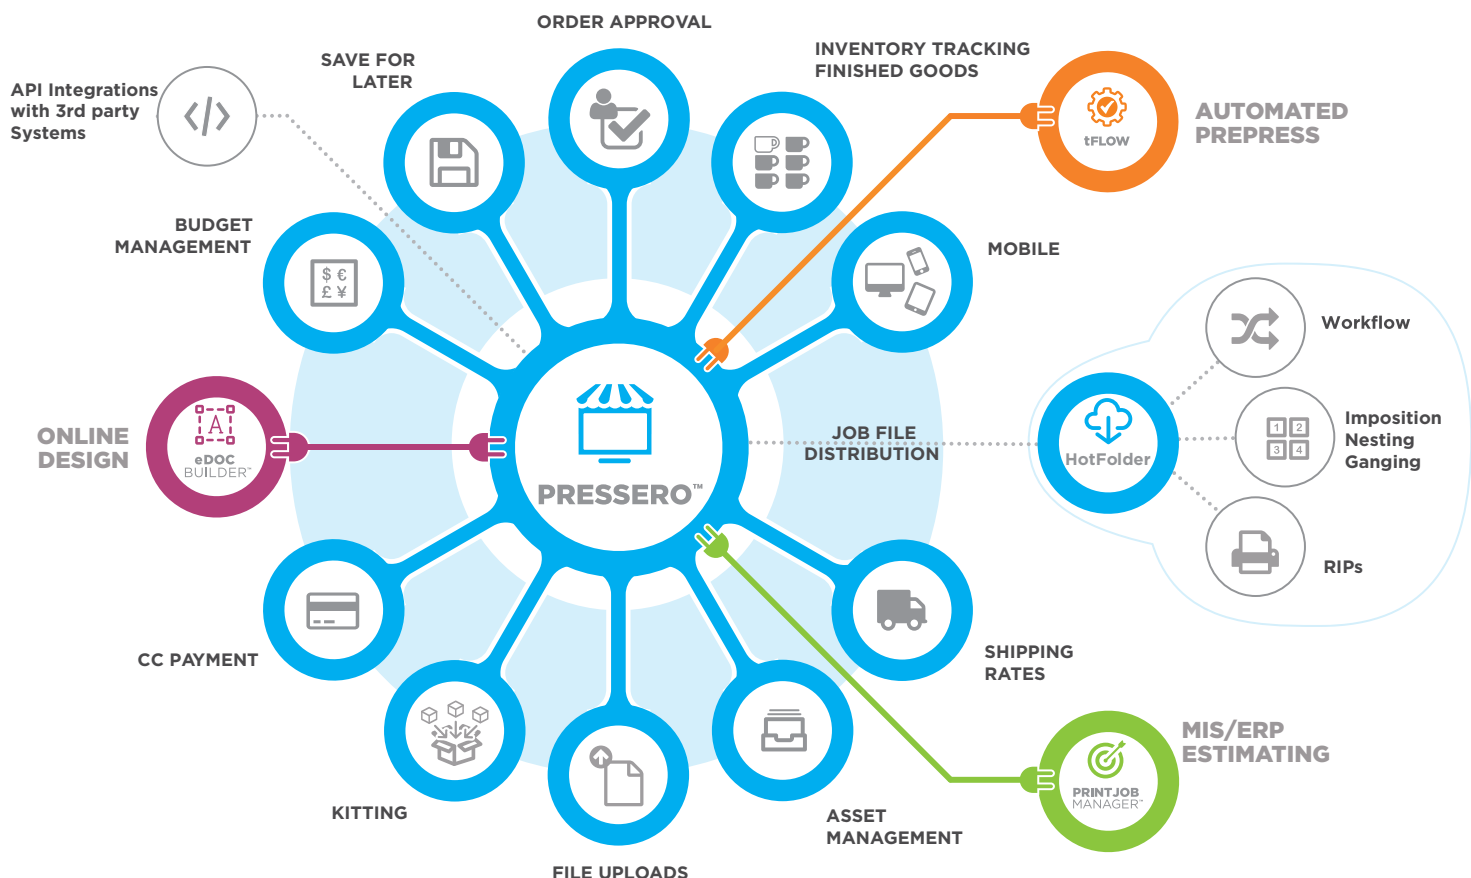

Aleyant Pressero™ is one of the most complete **web-to-print solutions** on the market. Pressero's **open architecture** allows for **integration with other applications** via a robust API, cXML punch-out, and SAML single sign-on. It's **SaaS** (Software as a Service) model ensures easy accessibility from any device, anywhere in the world.

Aleyant Pressero integrates with **MIS/ERP systems**, which has opened up new opportunities in the Graphic Arts sector. In addition, Pressero is the only **web-to-print system** on the market that offers excellent functionalities at competitive prices.
